

## \$4,100 High Seller for New York Next Generation Sale

This year's edition of the New York's Next Generation Spring Jersey Sale sold 93 lots for an average of \$1,528.76 and a gross of \$142,175. As they have done the past two years, Jersey breeders from the Empire State utilized internet technology to sell cattle in a format that has become increasingly popular among dairy producers, with bidding opening through JerseyBid.com on April 25 and closing live through JerseyAuctionLive.com on April 30. About half the consignments traveled to the venue to be sold in traditional, tie-up sale format; the balance sold absentia as group lots, with viewing accomplished through pre-recorded video footage at the home farm. The sale was again held at the Steuben County Fairgrounds in Bath, N.Y.
